CS 353 – PRACTICAL WORK ON ⁷ ₊ CS 303

SPECIAL REPEAT

Answer all questions	Time allowed: 02 hours

Create a website for EDUCATION FORUM using XHTML that must be satisfied its task as follows

- Divide the browser window into three frames, as shown figure 1.
  - ➤ The frame on top will be a menu (file name as **"menu.html"**) consisting of hyperlinks **Home, About, List, and Personal Data**. Clicking on any one of these links will lead to a new page, which should be opened in the target frame, which is on the Right of the browser window.
  - ➤ Frame set have no borders
  - ➤ Top frame must have no scrolling facility.

| Top Frame	
Left Frame	Right Frame

Figure 1

Top frame html web page must be in a CSS style format.

```css
body {
        background: #FFF url('images/computer.gif') no-repeat center fixed;
        margin: 0 0 20px 0;
        padding: 0;
        font-family: Verdana, sans-serif;
        font-size: 0.95em;
        color:#000;
        line-height: 1.5em;
}

#header {
width: 80%;
background:transparent;
margin: 0 auto;
padding: 0;
height: 10px;

}
#nav {
        position: absolute;
        top: 10px;
        left: 10%;
        width: auto;
        padding: 0;
        margin: 0 auto;
        font: bold 11px Verdana, sans-serif;
        height: 25px;
}
#nav li {
        list-style: none;
        margin: 0;
        padding: 0;
        display: inline;
```

```
}
#container {
        background: transparent url('images/trans5.gif') repeat;
        width: 80%;
        margin: 0 auto;
        padding: 0;
}
#footer {
        background: transparent;
        padding: 5px 10px 2px 0;
        text-align: right;
        font-size: 0.75em;
        clear: both;
        line-height: 1.15em;
}
h2 {
        color: #666;
        border-bottom: 1px solid #666;
        margin: 0;
        padding: 10px 0 1px 0;
        font-size: 1.2em;
}
```

Right frame html web page must be in a CSS style format.

```
h1
{
        font-family:blackadder ITC;
        font-size:40px;
        color:red;
}
body{
        background-image:url(Blue hills.jpg);
        background-repeat:no-repeat;
        background-position:top-right;
        background-attachment:fixed;
```

```
margin-top:10px;
margin-bottom:10px;
margin-left:10%;
margin-right:auto;
font-family:centaur;
font-size:40px;
}
```

- The first page should be consist, the top frame has *menu.html* and the right frame has **home.html** and also when clicking on the hyperlink **Home**, it loads **"home.html"** on the right of the browser window.

About

The Education Forum is trying out various ways of presenting information to school leavers and their parents. What we envisage is a comprehensive directory containing information on providers of tertiary education and training in Sri Lanka, and a bulletin board where consumers of education and training can express their views and learn from each others' experience. What we have now is a listing of Bachelors degree opportunities in IT, as found in various newspapers, promotional brochures etc. Please bear with us as we improve the site to bring you added value. Join us and do your part by telling us what you know about these or other courses.

- When clicking on the hyperlink **List**, it also displays a new page on the bottom of the browser window, the page (named as **List.html**) should be in the following format.

OUR SERVICES

PLATFORMS WE AT Total Solution Org WORK ON FOR OUR WEBSITE DESIGNING SERVICES:

1. Windows 95/98/NT/2000/XP/VISTA, Windows Server 2000/2003
